

PRESS RELEASE: Applied Business Solutions (UK) Ltd moves to new location to support further growth and expansion

01st August 2019 – Leading accountancy and business software provider, Applied Business Solutions (UK) Ltd, have today announced its relocation from its offices in Newton Abbot to a shiny new office in Exeter, to help accommodate future growth and expansion plans for the South West of England.

Applied Business Solutions (UK) are pleased to announce the relocation from the office in Newton Abbot to their new offices in Exeter. The relocation of the business to Exeter is a fantastic opportunity for Applied Business Solutions (UK) to move into a more modern and flexible office with excellent links to the M5, A30 and A38, to develop a base to from which to grow and better serve their customers.

The new office space will provide Applied Business Solutions (UK) with a more central location to expand the business and to service their growing customer base in the South West of England.

Director of Applied Business Solutions (UK), Tim Squance said:

“The decision to relocate from Newton Abbot to Exeter is positive move for the business, we need to find a more modern and central office location from which we can grow and this move is an exciting and progressive development for us.”

“Since the Techsol Group acquired Applied Business Solutions (UK) back in 2016, we have made a number of improvements to the business, such as heavily investing in our technical infrastructure and making the business more customer focused, so the next logical step was to find a more modern, flexible and accessible office location from which we can grow and develop.”

“The move to Exeter is the latest in the ongoing re-shaping of our business. Together with our offices in Cardiff and Cornwall, we will now be able to provide an even higher level of service for our customers and truly be able to serve all customers across the South West of England.”

About Applied Business Solutions UK

Applied Business Solutions (UK) are a leading supplier of Pegasus software and solutions. They specialise in providing a first class consultation process to help establish the root cause of issues and ensure that their software recommendations save businesses time and provide a return on investment.

Applied Business Solutions (UK) are part of the Techsol Group which consists of five specialist consultancies, Micros Logic, Micros Apps, Applied Business Solutions (UK), Amitech IT and Bit Systems; through which we deliver a wide range of business solutions, from full blown ERP systems, ePOS solutions, stock control solutions, to IT services and bespoke software solutions.

Each company has its own individual teams, specialist knowledge, accreditations, expertise and customer base but has the benefit of working closely together with the other group companies and their expert knowledge to integrate together to offer customers a complete business solution.
